

Ready, Set, GROW!

Year End Reflection Committees/Representatives/Other Personnel

Committees/Representatives/Other personnel are asked to record the work of their committee and/or their role throughout the year. This will provide a record of actions that can be used to develop annual reports. Plan to share this document periodically with the President. This reflection tool will aid in capturing the true sense of roles and responsibilities at the state level which will enable a more seamless transition for future NC DKG leadership.

Ready, Set, GROW!: empowering leaders of today while making way for the leaders of tomorrow.
