Membership Award Certificate

The Eta State Membership Award Certificate has been tested on PC computers as well as a Mac. It appears that it worked fine by following the directions below.

- In the first blank space, type in the name of the recipient
- In the second blank space, type in the number of years
- In the third blank space, type in the name of the chapter; i.e., Alpha Nu Chapter

All of this should print in the same font centered on the page. To print the certificate, be sure the print is set to landscape mode. After it is printed, there is a space for the signature of the Chapter President and the date the certificate was presented. You may choose to print this on a heavier stock of paper for a more professional look.
